Explain your response to the follow situations:

Two preschoolers are playing in the block area with the cars. Billy comes up to you and says, "I asked Tommy if I could please use the car he has and he said no."

The teacher has told the children on the playground that there is only 5 more minutes to play. After the 5 minutes has passed she blows the whistle and all of the children come to line up at the gate except for Mary. She runs into the playhouse and says she doesn't want to go inside; she wants to stay on the playground.
